

Calendar Grid Key Questions

What shape do you see on the marker we posted yesterday? How do you know it's a [circle, rectangle, triangle, square]?

Calendar Grid Key Questions

Will you see a [circle, rectangle, triangle, square] or something shaped like a [circle, rectangle, triangle, square]? How do you know?

Calendar Grid Key Questions

If I take the marker out of its pocket and turn it upside down, is the shape on the marker still a [circle, rectangle, triangle, square]? How do you know?

Calendar Grid Key Questions

Can you think of anything shaped like a [circle, rectangle, triangle, square]? Can you see anything in our classroom shaped like a [circle, rectangle, triangle, square]?

Calendar Grid Key Questions

How do you know the shape on this marker is not a [circle, rectangle, triangle, square]?

Calendar Collector Key Questions

What number did we spin today? Let's count out that number of cubes onto the five-frame side of one of our counting mats.

Calendar Grid Key Questions

What shape will you see on today's marker? How do you know?

Calendar Collector Key Questions

If we dump the cubes off the counting mat and onto this piece of paper, will we still have the same number? How do you know?

Calendar Grid Key Questions

Can you tell what color the shape will be? Why or why not?

Calendar Collector Key Questions

If we spread the cubes out in a long line on the paper, will we still have the same number? How do you know?

Calendar Collector Key Questions

If we connect the cubes to make a short train, will we still have the same number? How do you know?

Days in School
Key Questions

What number do we need to write on our class number line today?

Computational Fluency
Key Questions

How many dots do you see? Let's count them together.

Days in School
Key Questions

Today, we're starting with a ten-frame filled with 10 dots, and a new ten-frame that has only 1 dot so far. How many dots is that in all? How do you know?

Computational Fluency
Key Questions

I'll show you the five-frame for just a moment. See if you can quickly tell how many dots there are without counting them. How many dots did you see? How could you tell?

Days in School
Key Questions

How many dots will we have in all after we add the dot for today? How do you know?

Computational Fluency
Key Questions

So how many dots are there?

Days in School
Key Questions

Today, we're starting with a chain of 10 and a new chain that has only 1 link so far. How many links is that in all? How do you know?

Number Line
Key Questions

Show several numeral cards and ask, "Can you find the [revealed number]?"

Days in School
Key Questions

How many links will we have in all after we add the 1 for today?

Number Line
Key Questions

Point to a numeral card and ask, "What is this number's name?"

Number Line Key Questions

If this number is [4, 2, 5, 8], what will this number be? [*Point to the next number in the sequence.*]
